My own darling Toots:-

No mail to-day, so far, it 2.15 P.M., Can't understand it. I suppose I'll get it to-morrow morning. Sure do want to get it. I just came from a luncheon given by the Retail Merchants Credit Ass'n, at the Hotel Gayoso. I made a lot of acquaintances. Solomon took me there & introduced me to the president & secy of the association, & a number of others. Sure do hope I get some business from them.

Well, honey, I couldn't get the permit I wrote about, as they are dead set against gypsies. I don't care so much for the loss of the fee, as I do the fact that in all probabilities the president of the bank might feel unpleasantly towards me, but I saw him & told him how difficult it is to get a permit for a fortune teller & he assured me that he is satisfied I tried my best. My practice is getting established more firmly every day. I do hope I can call for you soon. Trying my best for I feel I can't stand this separation. Gosh, I can tell you, never again. I "wants ma wife" and want her badly, too. I expect to go before the Grand Jury to-morrow, & will probably collect some money.

Toots, excuse the shortness of this letter. I have a few clients who are on their way up here. Just saw them coming, as I was coming down the street.

With all my love to you, my precious darling little wifey,

Ever lovingly & longingly

Please tell mom-dear I'm still waiting for a letter from her.
